

Genius Businessmen Services has been established in 2012, **Genius** is a top-notch company offering turn-key business services to companies and entrepreneurs. We help companies save on cost & time by effectively doing the processes within UAE Government related departments. Our team is having expertise of decades dealing with the entire process of company formation, provision of visa services, real estate related services. We also offer the shared office space and office rental services to suit the varied needs of clients. We work as a reliable partner for companies in providing the business guidance and support required to thrive and succeed.

Why Genius

Businesses today are challenged to quickly understand how to develop, measure and extract capabilities across the entire organization. We can help you maximize the benefits derived from evolving the right mix of service delivery alternatives to build the business that you want—and need. We provide individual attention to every client to get their process speedy and effective so they can start their business without any hurdle.

We got an ISO certificate for management systems since 2017.
